New Library Catalog Coming This Spring

Patrons who enjoy using the library catalog to find and order books will have a lot more to like, starting this spring. Acorn Public Library, in connection with other public libraries in the SWAN library consortium, will switch over to a new software system in April 2015. The catalog will be easier to search and will offer many new features to enhance your library experience. Our online newsletter and website will provide more details as they become available. Using your library is about to get even better!

Have you been to our new website?

Please check out the new site at :

www.acornlibrary.org.

We're eager to hear what you think about it, so drop us a line at acorn@acornlibrary.org and let us know what you like and what you think could be improved.
