E. Objectives

In selecting financial institutions and investment instruments to be used, the following general objectives should be considered in the priority listed:

- Safety (preserving capital and including diversification appropriate to the nature and amount of the funds)

F. Guidelines

The following guidelines should be used to meet the general investment objectives:

In general, investments should be managed to meet liquidity needs for the current month plus one month (based on forecasted needs) and any reasonably anticipated special needs
3. **Yield – Return on Investment**

Within the constraints on Illinois Law, considerations of safety, and this investment policy, every effort should be made to maximize return on investments made. All available funds will be placed in investments or kept in interest bearing deposit accounts.
4. **Simplicity of Management**

The time required by library administrative staff to manage investments shall be kept to a minimum.

G. Reporting

1.6 Freedom of Information Act

Overview

According to the Illinois Attorney General, the Freedom of Information Act (FOIA) is a State statute that provides the public with the right to access government documents and records. The law provides that a person can ask a public body for a copy of its records on a specific subject and the public body must provide those records, unless there is an exemption in the statute that protects those records from disclosure (for example: records containing information concerning trade secrets or personal privacy).

FOIA Requests

You may request documents via mail, email, fax, or personal delivery. Your request must include the following information:

1. Requester's full name, address, and daytime telephone number. We need this information in case we have questions about the request.
2. A written description of the desired records containing the details necessary to fulfill the request.

Acorn Public Library has a FOIA form that can be used for requests.

Fees

- First 50 copies on letter or legal-sized paper: free

Color copies:

- On letter or legal-sized paper: \$.50 per page

FOIA Process

The public body must respond to a FOIA request within five business days after the public body receives the request. Day one of the five-day timeline is the first business day after the request is received by the public body. "Business days" are defined as Monday through Friday.

If additional time is needed to process the FOIA request, the requester will be notified within five business days after receiving the request. The response to the deadline extension must be in writing. Agreeing to this extension relieves the public body of adhering to the legally-mandated deadlines.

Denied Requests

The public body must disclose the specific reasons for denying FOIA requests. The denial must also include the requester's right to file a Request for Review with the Public Access Counselor (PAC), the PAC's contact information, and the right to seek judicial review by filing a court case. The Request for Review must be filed within 60 calendar days of the public body's final response.

Failure to Respond

If the public body fails to respond, you can file a Request for Review with the Counselor (PAC) or file a case in court.

PAC contact information:

Sarah Pratt
Public Access Counselor
Office of the Attorney General
500 S. 2nd Street
Springfield, Illinois 62706
Phone: 1-877-299-FOIA (1-877-299-3642)
Fax: (217) 782-1396

E-mail: publicaccess@atg.state.il.us

Request for Review

A Request for Review is a letter that must be submitted by a requester in the event that it is believed that a public body is not adhering to FOIA. It is a formal way of asking the PAC to examine a request in order to determine if FOIA is being followed correctly.

The Request for Review must be in writing, signed by the requester, and attached to a copy of the original FOIA request and any related correspondence. It must be filed within 60 calendar days of the public body's final response or response due date.

Consequences of Non-Compliance

Aside from the potential civil penalty of between \$2,500 and \$5,000 per FOIA violation, public bodies have an additional incentive to respond within the time limits set forth. If a public body fails to respond within five business days (or 10 days if the extension was properly requested), it cannot charge for reproduction costs at a later time, nor can it treat the request as unduly burdensome.

 12. Personal belongings must be attended at all times. Responsibility for lost, stolen or damaged items rests with the owner.
 13. Lewd acts, sexual misconduct, sexual harassment, and inappropriate public displays of affection.
 14. Carrying or displaying simulated or real weapons on library property. Firearms are prohibited on Library property unless they are in the possession of a sworn law enforcement officer. Signage is posted at entryways pursuant to 430 ILCS 66/65.
- B. The materials, services and seating of the Youth Services department are reserved for the use of children under the age of 18, their parents or caregivers, or customers using the Youth Services'

collections or seeking assistance from library staff. All other patrons are asked to use the adult areas of the library.

- C. A patron who engages in any activity which materially disrupts the use of library facilities, collections, or services by patrons or materially disrupts the ability of the staff to perform its duties shall cease such activity upon request by library personnel. In such instances involving minors, identification will be requested and the incident may be reported to the parent or guardian. If, following a request, the patron fails or refuses to comply or responds to the request in an abusive fashion, he or she will be required to leave the library building and grounds immediately for the remainder of that calendar day. If he or she fails to leave, the police will be summoned. Serious or continued violations may result in a suspension of privileges and barring the patron from use of library premises for up to thirty (30) days by the Director or the Person-in-Charge. In the event a patron barred from the use of the Library attempts entry to the Library during any such period of exclusion, the police will be summoned and informed of the prior action. Library employees may contact the Oak Forest Police Department if deemed advisable, and documentation must be provided by the supervisor. The supervisor must write a full account of the incident.
- D. Any patron who violates these or other rules and regulations may, on the recommendation of the Director and with the approval of the Library Board of Trustees, be denied the privilege of access to the library for an extended period longer than thirty (30) days.
- E. A patron whose privileges have been denied may request in writing that the decision be reviewed by the Board of Trustees at the next monthly Board meeting.

4.2 Unattended Children

- A. The Acorn Public Library District encourages children of all ages to visit the library with their parents to take advantage of the resources available. However, Staff cannot assume responsibility for the supervision or safety of children who use the library, except within the limited context of defined library programs. Parents, legal guardians or designated caregivers are responsible for the behavior of their children in the library whether or not the parents or guardians are in attendance.
- B. Children ages 9 and under must be accompanied and supervised by a parent or a caregiver 18 years of age or older at all times while on library premises. At certain times, the Library schedules or provides programs which are designed and suitable for attendance by children without such supervision. However, the parent or responsible caregiver of children attending such programs must remain in the building.
- C. Children ages 10 and over are free to use the library's facilities and resources, provided that their behavior conforms to Library rules and does not disrupt other library users or staff members.
- D. Library staff members cannot supervise children who are unaccompanied by their parents or caregivers. Staff members will attempt to contact parents of such children, and if the parent or guardian is unavailable, the Oak Forest Police Department will be contacted.
- E. Library hours are posted and the building is locked promptly at closing. Any children still at the Library at closing will have to leave the building, although they will be allowed to use the Library telephone to contact a parent or guardian. While the Library assumes no responsibility for children here at closing, the Person-in-Charge and a second staff member may wait up to 15 minutes for a parent to arrive for their child. At that time, if the child still has not been picked up, the Oak Forest Police Department will be called to handle the situation.

4.4 Meeting Rooms

1. Introduction

- A. The Acorn Public Library District makes available its meeting rooms for use by community groups, provided that such use does not interfere with the primary functions of the Library. Library programs or meetings shall always have priority over outside meetings for use of the meeting rooms. The use of meeting rooms by outside groups does not constitute an endorsement of these groups by the Library, its staff or its Board of Trustees.

- C. The Director may waive these fees for local non-profit and governmental organizations.

4. Rules for the Use of the Meeting Rooms

- A. A representative of a group may prepare for the meeting in advance, but only by prior arrangement with the Director.
- B. Groups may make use of certain library equipment such as tables, chairs and white boards. All setting up must be done by the group. Meeting rooms must be left neat and undamaged.
- C. All groups are responsible for complying with the Americans with Disabilities Act.
- D. All meetings shall be open to the general public. Groups may not charge admission, nor solicit or require donations. No products or services may be solicited or sold. No social functions are allowed.

- E. Promotional materials for meetings held should in no way imply library sponsorship. The Library's telephone number or email address may not be used in any such materials. The Library will not give out any information regarding meetings.
- F. Alcoholic beverages are not allowed on library property. Light refreshments may be served.
- G. Meetings may not interfere with the regular functions of the Library. Such interference can include excessive noise, activity outside the meeting room, or any violations of the libraries policies regarding patron behavior. Groups repeatedly interfering with Library functions will be permanently denied use of the Library's meeting rooms.
- H. Any meetings including the presence of children under the age of 18 must provide adequate supervision of at least 1 adult per 10 children.
- I. Meetings may only be scheduled during times when the Library is open. All meeting rooms must be vacated no later than 15 minutes before the library closes for the day.
- J. The room must be cleaned up and put back in order after the meeting, otherwise a cleaning fee of \$50.00 will be charged. Groups are responsible for reimbursing the Library for any damage to the facility.

4.5 Study Rooms

1. Purpose

The Library's group study rooms are designed to meet the needs of patrons who want to work together in small groups or need an isolated space for limited periods of time.

2. Scope

This policy applies to all rooms adjacent to public service areas in the Library that have been designated as group study rooms. Public access to the meeting room and the conference room is not covered under this policy.

3. Provisions

- A. Study rooms are available on a first come, first served basis. Sign-in for group study room use will be required. The person who signs for the room is responsible for the condition of the room upon vacating. Misuse of the study rooms may result in the loss of group study room privileges.
- B. The upper level study rooms are reserved for patrons 18 years and older.
- C. A current library card or current photo ID is required to use a study room.
- D. The Library reserves the right to limit the use of group study rooms to Acorn Public Library District cardholders as necessary.
- E. Each group study room has a capacity limit which is posted for the room.
- F. There is a two hour per day time limit on the use of group study rooms when others are waiting for a room. Library staff may extend the use of a room beyond this limit when no one is waiting for a room.
- G. At least one person from the group must stay in the room at all times. If all group members vacate the room but leave their belongings in the room, the items may be removed and the room will be available for other users.
- H. The Library's Patron Behavior must be observed while using the study rooms.

4.6 Emergency Closings

- A. In the event of hazardous weather, a power outage, a water outage, or other emergencies which present threats to the safety and health of the library staff and/or patrons, the Director (or Person in Charge in the absence of the Director) is authorized to close the library. A decision to close the library because of the weather may be made due to the following conditions:
 - 1. Local or State Authorities (including local police, state police, or IDOT) have advised that the public stay off the roads.

2. Ice, snow, or storms have caused power outages or extremely hazardous road conditions (trees down, power lines down, etc.).
 3. Flooding in the streets to the extent where it is likely to cause vehicular damage.
- B. Closure may also be made if, in the best judgment of the Director, it is necessary to do so. However, the library staff is mindful that the library is a public space, depended upon by the public. A decision to close for the entire day will be made prior to 7 am.
- C. In the event of a power or HVAC failure, the decision to close will be made upon the following factors:
1. In the Spring/Summer, if the inside temperature reaches 85 degrees, the staff will be retained for ½ hour, and all computer equipment will be shut off to avoid damage due to over-heating. A core staff will be retained for a second half-hour, in case the building is able to be re-opened. After the full hour, the building will be closed for the day. Two staff members will remain at the library with unattended children and until all patrons have left the building. Signage will be posted, and the city and the police will be notified of the closing. Additionally, the library staff will notify local media of the closing. Messages will be posted on the appropriate internet resources as well.
 2. In the winter, if the inside temperature drops to 60 degrees, the same procedure will be followed.
 3. In the event of a power outage after sunset, the building will immediately be closed for the day.
- D. In the event of a water outage, the building will be closed after a half-hour without water, due to sanitary conditions. Essential personnel will remain for another half-hour. After the full hour, the building will be closed for the day.
- E. If staff has not yet reported to work, they will be notified of the library's closing. Any employees who are regularly scheduled to work on that day will be paid for their scheduled hours.
- F. In some extraordinary situations the Library may be closed for an extended period of time. Non-essential personnel will be paid for their regularly scheduled hours only for the first three days the Library is closed. After 72 hours only essential personnel will be paid.
- G. Essential personnel include the Library Director, Department Heads, and other employees as designated by the Director on the basis of the essential duties of the jobs and the needs of the Library. The particular essential personnel who are activated during a suspension of normal operations will vary depending upon the circumstances and the nature and severity of the event.

4.7 Use of Parking Lots

The parking lots can only be used, other than parking, for library sponsored events.

4.8 Concealed Carry

The Acorn Public Library District follows Illinois State Law which prohibits the carrying of any firearm, concealed or partially concealed, in the library building or on library property. In conformance with State Statute, the Library will post at all entrances to the building, driveways, and parking areas of the Library the required signs as approved by the State Police. Any violators will be reported to law enforcement and prosecuted to the fullest extent of the law.

4.9 Security Camera Policy

The Acorn Public Library District uses security cameras to help document events involving the safety and security of Library users, staff, and property. The security camera installation consists of dedicated cameras which may provide real-time surveillance through a video management system. The primary use of security cameras is to discourage inappropriate and illegal behavior and to enhance the opportunity to apprehend offenders. Library use is governed by the policy established by the Library Board of Trustees and any applicable rules or regulations adopted by the Library. The Library Director as the executor of the policy for the Board of Trustees has discretion in determining what use is "in the best interest of the Library" and is authorized to act accordingly, including limiting the use of the building and services by individuals whose activities interfere with Library operations, adversely affect public safety, or cause public disturbances. The Board of Trustees may modify, amend or supplement this policy, as it deems necessary and appropriate.

1. Signage

The Library shall post and maintain signs giving notice of the use of security cameras for monitoring and recording activity in public areas of the Library property.

2. Camera Location

Cameras are located to view service desks, exits, and areas prone to theft, vandalism or other activity that violates Library policy or criminal law. In no event shall cameras be located in areas where patrons and/or staff have a reasonable expectation of privacy such as restrooms.

3. Access to Digital Images

Video data is recorded and stored digitally. Recorded data is considered confidential and secure. Access to live feeds of images is available to appropriate staff in order to monitor current activity. Access to recorded video data is limited to the Library Director and Administration.

4. Retention of Digital Images

Recordings shall be kept for approximately 30 days with the exception of appropriate still shots or selected portions of the recorded data relating to specific incidents.

5. Access by Law Enforcement and Patron Privacy

A. Video surveillance records are not to be used directly or indirectly to identify the activities of individual Library patrons except as viewed in relation to a specific event or suspected criminal activity, suspected violation of Library policy, or incidents where there is reasonable basis to believe a claim may be made against the Library for civil liability. Authorized individuals may use a still shot or selected portions of recorded data to request law enforcement review for assessing the security risk of a specific individual or for investigating a crime on library property.

B. Video data will be made available to law enforcement officials or agencies upon written request. The Library shall retain a copy of the request. Recorded data will be accorded the same level of confidentiality and protection provided to library users by Illinois state law and the Library's policies with respect thereto.

6. Disclaimer of Liability

Any patron or staff member shall be given a copy of this policy regarding use of the security cameras upon request. The Library disclaims any liability for use of the video data in accordance with the terms of this policy, given that the Library is a public facility and the security cameras shall be limited to those areas where patrons and/or staff have no reasonable expectation of privacy.

7. Damages and Liability

Any individual using the Library shall be held responsible for willful or accidental damage to the Library's building and collections caused by the individual in accordance with the Library policies.

8. Appeal and Review

- A. The Board of Trustees of the Acorn Public Library District will review the Security Camera policy and regulations periodically and reserves the right to amend them at any time. The Board authorizes the Library Director to waive regulations under appropriate circumstances. The Library Director is the chief person empowered to make decisions regarding the use of the security cameras.
- B. Any appeals for changes to, or exceptions to, any portion of the Security Camera policy will be considered. An individual wishing to file an appeal shall submit it to the Library Director in writing. The Library Director will respond in writing.

4.10 Alcohol Policy

Under certain limited events and circumstances, the Acorn Public Library District may elect to have alcoholic beverages delivered to and sold at retail in a building or on property owned by the Library, pursuant to Public Act 99-599. This policy governs when, and under what circumstances, alcohol delivery and sale may take place.

For all events where alcohol will be delivered, served and/or sold the following parameters apply:

- A. The serving of alcohol will not be permitted unless first approved by the Library Director and the Board, and must comply with applicable Oak Forest City liquor control act ordinances.
- B. Alcohol may only be delivered to the Library and sold at retail for fundraising events or programs of a cultural or educational nature.
- C. The delivery, sale and consumption of alcohol at the event or program must be limited to event attendees. The general public (those who are not at the Library for the event) must not be able to access the event or program where alcohol is served. When the event occurs during the Library's regular open hours, provisions must be made to segregate the event area and the general use of the Library.
- D. The event or program must be held within an enclosed or controlled space that prevents access to the general public, prevents alcohol from being removed from the premises by attendees, and takes steps to prevent the sale or distribution of alcohol to persons under the age of 21.
- E. Alcohol may be served at approved events by catering staff secured for such purpose by the Library or by any Library staff member or volunteer who is of legal age and designated by the Director to do so.
- F. Per Illinois Public Act 99-0559, when serving alcohol, the Library must provide dram shop liability insurance with a coverage limit that saves harmless the Library from all financial loss, damage, or harm under the maximum liability limits set forth in the Illinois Liquor Control Act of 1934. The Illinois Liquor Control Act of 1934 [235 ILCS 5/6-21 (a)] requires the Illinois Comptroller to determine each year the liability limits for causes of action brought under the Act. The Library Director shall ensure that said liability insurance meets the parameters set forth in this policy before approving any programs or events where alcohol is to be served.
- G. All rules put forth in other Library policies shall remain in effect during events and programs where alcohol is served.
- H. Purposely deceiving District staff in order to unlawfully gain access to an event or program where alcohol is served is a crime and will be reported to the proper authorities.

4.11 Surplus Property

Surplus property, which in judgement of the Library Director and involved staff members, as agents of the Board, is deemed no longer necessary or useful for Library purposes, may be disposed of in the following manner:

- A. Surplus property of any value may be donated or sold to other tax supported libraries or organizations or library partners as the Director, as agent of the board, may determine.
- B. Books and materials from the Library's collections may be donated or sold by the Friends of the Acorn Public Library, given to other charitable organizations, or discarded.
- C. Whenever possible, property should be discarded in an ecologically sound manner.
- D. Surplus property having an estimated value of less than \$1,000 may be discarded as determined by the Director, as an agent of the Board.
- E. Surplus property having an estimated value of more than \$1,000 but less than \$2,500 may be displayed at the library and a public notice of sale will be posted with dates and terms.
- F. Records of all disposals of property having estimated value of more than \$1,000 shall be maintained by the Business Manager for audit and appraisal purposes.
- G. In all cases, surplus property will be handled according to the terms of the Public Library District Act of 1991, 75 ILCS 16/30-55.32.

Section 5: Personnel

Introductory Statement/Employment-At-Will

These personnel policies are designed to acquaint you with the Acorn Public Library District (hereinafter "the Library") and provide you with general information regarding working conditions, employee benefits, and some of the policies affecting your employment. You are responsible for reading, understanding and complying with all provisions of these policies. They describe many of your responsibilities as an employee and outline the programs developed by the Library to benefit employees.

Unless otherwise indicated in a written contract between the Acorn Public Library District and the employee, which is signed by both the employee and the Director, all personnel are considered employees at will, and any or all language which might be construed to the contrary is hereby specifically disclaimed. The employment relationship may be terminated, with or without cause, and with or without notice, at any time at the option of either the employee or the Library. Nothing in these personnel policies shall be interpreted as an offer of employment or promise of continued employment. Continued employment of all employees is subject to the general discretion of the Board of Trustees with respect to all aspects of employment and benefits.

The Library reserves the right to revise, supplement, deviate from or rescind any policies from time to time as it deems appropriate, in its sole and absolute discretion. The Library will make an effort to notify you of such changes as they occur.

Applicable federal, state or local laws or regulations shall supersede these stated policies, until corrections can be published, in the following instances:

- If any of the policies are or become in conflict with federal, state, or local laws or regulations.
- If any omissions or inclusions cause conflict with federal, state, or local laws or regulations.
- If typographical or printer error should cause conflict with any federal, state, or local laws or regulations.

Should there be any questions as to the interpretation of the policies or benefits listed herein, the final explanation and resolution will be at the sole and absolute discretion of the Library, subject to applicable federal, state, and local laws. If you have any questions about these personnel policies, please see your supervisor or the Director.

5.0 Criminal Background Check

- A. Offers of employment with the Acorn Public Library District are contingent upon successful completion of a criminal background check in accordance with the following policy. All applicable federal and state laws will be followed during the background check process. All background check information will be kept confidential.
- B. All applicants who are a subject to a criminal background check will be notified prior to the time the check is conducted and will be asked to disclose any convictions prior to the check. They will also be required to complete a background check authorization form. Failure to timely complete the authorization form may result in withdrawal of the contingent offer of employment. In addition, falsification or omission of information may result in withdrawal of the contingent offer of employment, or if discovery of such falsification or omission takes place after an individual begins employment, termination.
- C. The existence of a conviction does not automatically disqualify an individual from employment. Should a criminal background check result in a report that includes one or more convictions,

the Acorn Public Library District will provide the applicant a copy of the conviction report and an opportunity to provide additional information related to the conviction. The Acorn Public Library District will seek information about and will consider:

1. The time that has passed since the offense(s) or conduct, the conviction(s), and/or completion of the sentence, and the individual's age at the time of the conviction(s);
 2. The number of conviction(s);
 3. The nature and severity of the offense(s) or conduct and their relationship to the safety and security of others;
 4. The facts or circumstances surrounding the conviction(s);
 5. Evidence of rehabilitation efforts; and
 6. The nature of the job held or sought.
- D. The Acorn Public Library District will also consider any additional information provided by an applicant prior to making its final decision. If the applicant does not respond to the Library's request for additional information, the employment decision will be based on the information gathered by the Acorn Public Library District via the original background check.

5.1 Introductory Period

- A. The first 3 months of employment shall be considered an introductory period. During this period, an employee has an opportunity to evaluate the Library as a place to work, and the Library has an opportunity to evaluate the employee with regards to his or her work, skills, attendance, punctuality, performance in the job, and other job-related criteria.
- B. The Library may not follow progressive discipline for rule violations or performance issues occurring during the introductory period.
- C. Introductory status is simply an administrative designation. It does not mean that an employee has a permanent job after completing the introductory period and is not in any other way inconsistent with the Library's employment-at-will policy. At any time during the introductory period and after the conclusion of the introductory period, an employee may be terminated.
- D. The Library reserves the right to extend or shorten the introductory period within its discretion.

5.2 Work Rules and Disciplinary Steps

1. Expected Conduct

As integral members of the Library's team, employees are expected to accept certain responsibilities, adhere to acceptable business principles in matters of personal conduct, and exhibit a high degree of personal integrity at all times. Employees are encouraged to observe the highest standards of professionalism at all times.

2. Prohibited Conduct

The following is a list of behaviors that could result in disciplinary action, up to and including termination. Be aware that this list is not intended to be "all inclusive," and that other behaviors may, at the Library's discretion, also result in disciplinary action, up to and including termination. Establishment of these standards of conduct does not alter the employment-at-will relationship. Employees should seek further clarification from their supervisor on issues related to conduct if they do not understand a particular rule or are uncertain regarding a particular behavior.

- A. Violation of any Library policies.

- B. Falsifying an employment application, time sheet, expense report, or any other personnel or other documents or records of the Library.
- C. Theft of Library, patron or employee property.
- D. Possession, distribution or use of weapons or explosives on the premises of the Library, which has prohibited the possession of weapons on its premises in accordance with the Illinois Firearm Concealed Carry Act.
- E. Fighting and/or other disorderly conduct.
- F. Threatening, intimidating, coercing, or using abusive or vulgar language towards other employees or patrons, or interfering with the performance of other employees.
- G. Insubordination or failure to perform reasonable duties which are assigned.
- H. Unauthorized or inappropriate use of material, time, equipment or property of the Library or a patron.
- I. Damaging or destroying Library or patron property through careless or willful acts.
- J. Performance that does not meet the requirements for the position.
- K. Negligence in observing fire prevention and safety rules.
- L. Installing unauthorized or illegal copies of software on a Library-owned computer.
- M. Revealing any confidential, proprietary information to any person who is not authorized to receive it and/or who does not need to know it.
- N. Repeated tardiness or absence; failure to report for work without a satisfactory reason; abuse of leave privileges.
- O. Violation of the Library's drug/alcohol policy.
- P. Unauthorized access to confidential records and information, including both Library and patron information.
- Q. Failure to cooperate with Library audits or investigations.

- T. Any behavior that results in an employee not performing his or her job, including sleeping on the job.
- U. Engaging in such other practices as the Library determines may be inconsistent with the ordinary and reasonable rules of conduct necessary to the welfare of the Library, its employees, or its patrons.

3. Disciplinary Steps

Should performance, work habits, conduct or demeanor become unsatisfactory in the judgment of the Library, based on violations either of the above or of any other of the Library's policies, rules or regulations, an employee may be subject to disciplinary actions as follows:

- First Offense Verbal Warning
- Second Offense Written Warning
- Third Offense Suspension (or Final Written Warning)
- Fourth Offense Termination

The Library is not necessarily required to go through the entire disciplinary action process. Discipline may begin at any step, including immediate termination (especially during the early stages of employment), dependent upon the severity of the incident. The progressive disciplinary steps and the Library's potential decision to decline to follow the steps in every situation do not in any way create a contractual right to continued employment.

Sometimes the Library will find it necessary to investigate the infraction for which an employee may face termination. In this case, the Library may suspend the employee, with or without pay, pending the investigation. The objective of this suspension will be to determine if termination is the proper decision. Following the investigation, if the Library decides not to terminate the employee, the employee will be reinstated with or without back pay, depending on the circumstances.

Resignations of the Director, Department Heads and professional Librarians, should be submitted in writing no less than four weeks before the expected date of termination of service. All other employees must submit no less than two weeks before the expected date of termination of service. Unused vacation time will be paid upon resignation.

4. Retirement

The employee should notify the Library in writing one month prior to retirement. Unused vacation time will be paid upon retirement.

5.3 Longevity

Every employee will be eligible for a Longevity Awards and a Service Certificate, on their designated anniversary date. The awards shall be as follows:

- 5 year anniversary – a \$50 gift
- 10 year anniversary – a \$100 gift
- 15 year anniversary – a \$150 gift
- 20 year anniversary – a \$200 gift
- 25 year anniversary – a \$250 gift
- 30 year anniversary – a \$300 gift

5.4 Employment Classifications

It is the intent of the Library to clarify the definitions of employment classifications so that employees understand their employment status and benefit eligibility. These classifications do not guarantee employment for any specified period of time. Accordingly, the right to terminate the employment relationship, at will, at any time is retained by both the employee and the Library.

Each employee is designated as either NON-EXEMPT or EXEMPT according to federal and state wage and hour laws. NON-EXEMPT employees are entitled to overtime pay and are subject to specific provisions of federal and state wage and hour laws. EXEMPT employees are not entitled to overtime pay and are excluded from specific provisions of federal and state wage and hour laws.

In addition to the above categories, each employee will belong to one other employment category:

- A. REGULAR FULL-TIME employees are those who are not in an introductory, part-time or sub status and who are regularly scheduled to work a minimum of 37 hours per week or more. Generally, they are eligible for the Library's benefit package, subject to the terms, conditions, and limitations of each benefit program.
- B. REGULAR PART-TIME employees are those who are not in an introductory, full-time or sub status and who are regularly scheduled to work less than 37 hours per week. They may be eligible for some of the Library's benefit package, in addition to those required by law, subject to the terms, conditions, and limitations of each individual benefit program.
- C. SUB employees are those who are employed on an as-needed basis for short periods of time. Sub employees are not eligible for any of the Library's benefit package except those required by law.
- D. INTRODUCTORY employees are those working within their first 3 months of employment with the Library. The introductory period is an opportunity for the employee and Library to evaluate whether the employee is suitable for a position with the Library. An employee's introductory status may affect eligibility for some benefits—please see the Director for more information. Once the employee successfully completes the introductory period, the employee will be a regular employee. This is simply an administrative designation. It does not mean that the employee has a permanent job and is not in any other way inconsistent with the Library's

employment-at-will policy. The Library reserves the right to extend or shorten the introductory period within its discretion.

5.5 Compensation

The Compensation Policy provides a framework for pay decisions, delineates responsibilities for the administration and maintenance of the compensation program, and outlines the process of salary recommendations and changes.

1. Compensation Philosophy

Acorn Public Library recognizes the essential role staff has in furthering the purpose and values of the library and in achieving the library's strategic goals. The Board of Library Trustees and Administration are committed to maintaining an internally equitable and externally competitive compensation structure that will enable the library to recruit and retain a diverse staff of highly proficient and qualified employees and reward high-performing employees at all levels. Acorn Public Library will establish and maintain pay ranges based upon internal equity and externally competitive guidelines with a base pay minimum and maximum for all pay ranges.

- a. Internal equity refers to the constant effort on the part of the Board of Library Trustees and Administration to ensure that pay is managed fairly across all employee pay ranges. Staff will be paid within the pay range for the pay grade of their position.
- b. In determining an employee's rate of compensation within their assigned pay range, the library may consider the employee's performance, seniority, education, experience, and the requirements for the position.
- c. Merit increases will be reviewed annually. Merit increases may be awarded to staff who demonstrate satisfactory job performance in their annual performance review and attain performance goals set forth in the prior year's annual performance review.
- d. The library seeks to provide competitive salaries across all jobs—defined as near the median of the local library competitor market to continue to attract and retain superior staff. Annually, the library will collect, analyze, and consider pay ranges for benchmark positions in the competitor market and will make adjustments to pay ranges as needed.

2. Objectives

- a. Attract and retain competent personnel.
- b. Provide for recognition of and reward for differences in individual ability and performance.
- c. Establish and maintain competitive pay ranges consistent with the economic requirements of the Acorn Public Library and commensurate with the local library competitor market.
- d. Relate salaries paid to the duties and responsibilities of positions to provide a stimulus for employee self-improvement and advancement to greater responsibilities.
- e. Maintain a program of performance evaluation that identifies opportunities for employee development and places compensation rewards on an objective basis.
- f. Provide an effective management control system, which will permit delegation of responsibility within a framework of policy and procedures.

3. Job Descriptions

A job description that defines the essential job requirements, duties, responsibilities, and skills required to perform a specific role will be maintained for every position.

4. Salary Schedule

The library maintains a competitive salary schedule, which consists of pay grades and ranges. All job descriptions will be evaluated and classified in the order of their relative value, utilizing approved evaluation techniques.

- a. The salary of the Library Director is reviewed annually by the Board of Trustees. The salaries of other employees are set in accordance with the salary schedule. All positions will be classified by pay grade, which indicates the range of their minimum and maximum salary value.

- b. Pay ranges are the means by which the relative value of positions is expressed in dollar terms, and will be sufficiently broad to provide salary growth potential for competent personnel. Pay ranges specifically establish the lowest dollar amount generally paid for minimum acceptable performance and the highest dollar amount generally paid for outstanding performance, relative to position market value and other positions in the library.
- c. The Salary Schedule, including pay grades and ranges are reviewed annually by Administration and appropriate changes recommended to the Board of Library Trustees during the annual budget process.

5. Starting Pay

In general, when hiring, starting salary for a position is set at the minimum or the first quartile in the pay range. Exceptional candidates may earn the midpoint of the range with Director Approval. A new employee's salary shall not exceed the pay range midpoint.

6. Salary Budget

Following the annual salary schedule approval by the Board of Library Trustees, Administration will develop an annual salary budget. Special consideration will be given to employees whose salaries exceed the pay grade maximum or fall below the pay grade minimum.

7. Salary Adjustments

Salary increases will be reviewed annually. Salary adjustments may be granted on the basis of individual performance. To this end, all employees undergo performance evaluations at least annually. Performance, salary budget, and individual position within the salary range are the prime considerations in determining the amount of salary adjustments.

8. Performance Evaluations

In keeping with this policy, formal performance evaluations shall be conducted annually to assist in determining salary adjustments. A standard form for each position will be used when evaluating performance to ensure accuracy and consistency regarding factors to be appraised and performance level definitions. Evaluations will be made by the immediate supervisor having firsthand knowledge of the person being appraised, the circumstances under which they work, and the nature of the work, in order to obtain the most satisfactory results. The performance evaluation process will include completion of the evaluation form and a performance evaluation interview with the immediate supervisor, to review the employee's performance, determine progress, and identify any areas requiring improvement. Upon establishment of the overall performance level, in conjunction with the salary budget and the employee's position within the pay range, a salary adjustment may be awarded.

5.6 Pay Deductions

It is the policy of the Library not to take any improper pay deductions that would be in violation of the Fair Labor Standards Act, its regulations (specifically Section 541.602(a)), or relevant state law or local ordinance.

Employees who believe their pay has been improperly deducted should report such improper deduction immediately to the Director. The complaint will be promptly investigated and the results of the investigation will be reported to the complaining employee. If the employee is unsatisfied with the findings of the investigation, the employee may appeal the decision to the Board of Trustees.

Any employee whose pay is improperly deducted shall be reimbursed for such improper deduction no later than the next pay period after the improper deduction is communicated to the Director.

5.7 Benefits

Eligible employees of the Library are provided a wide range of benefits. Several programs (such as Social Security, workers' compensation, and unemployment insurance) cover all employees in the

manner prescribed by law. Eligibility for other benefits is dependent upon a variety of factors, including employee classification.

A summary plan description (SPD) which explains coverage of many of the benefits in greater detail is available. The actual plan documents, which are available by making a written request to the Director, are the final authority in all matters relating to benefits described in these personnel policies or in the SPD and will govern in the event of any conflict. Additionally, the Library reserves the right to change or eliminate any benefits at any time in accordance with applicable law.

The Library offers health insurance benefits to regular full-time employees. The Library pays the majority of the premium. Family members may also be eligible to participate in the plan. Should an employee choose to participate in the plan, his or her portion of the premium will automatically be deducted from his or her paycheck. Specific enrollment and plan information will be provided by the Director or Business Manager when an employee becomes eligible to participate.

A dental and vision plan is also available, with the employee being responsible for the full premium. Again, see the Director or Business Manager for more details.

Life insurance will be provided for all regular full-time employees at a rate of \$20,000 per employee. This benefit is at no cost to the employee. Employees may also purchase additional insurance.

These benefits will be reviewed annually, prior to the open enrollment season.

Participation in the Illinois Municipal Retirement Fund is mandatory for all employees who work at least (1,000/600) hours per year (typically more than 20 hours per week). Benefits are as outlined in the current IMRF Manual.

5.8 Schedules

1. Work Week

The work week shall run from Sunday through Saturday. Individual work schedules shall be designated by supervisors for their departments to insure adequate coverage to meet the needs of the community. Supervisors' schedules shall be approved by the Director.

2. Rest Breaks

- a. Any employee who works a shift over four hours on any day may be entitled to one paid 15-minute rest break. Rest breaks cannot be taken consecutively and may not be added to a meal period. Rest breaks shall be taken at times scheduled by the supervisors to ensure adequate coverage.
- b. Rest breaks are provided at the Library's discretion and, in order to ensure efficient operation of the Library, may not always be available.
- c. Under no circumstances should a rest break be used to shorten the working hours or count as overtime if not taken.

3. Meal Breaks

- a. Lunch and/or dinner breaks shall be scheduled by each supervisor, based upon the staffing requirements needed to maintain each department and the Library.
- b. Each employee scheduled to work 7 or more consecutive hours during any workday shall be scheduled an unpaid meal period of 30 minutes that must begin within the first five hours of the employee's shift. These periods shall be reflected on the employee's timesheet, and they do not count as hours worked for purposes of calculating overtime.
- c. Employees may not eat or drink uncovered beverages in public areas. Employees may consume non-alcoholic, covered beverages, except in public computer areas.

4. Holidays

- A. The Library shall be closed in observance of the following holidays: New Year's Eve and New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and

- the day after Thanksgiving, Christmas Eve and Christmas Day.
- B. All staff members who have completed the introductory period will also be given their birthdays off with pay. If their birthday falls on their day off, they shall receive the following day off with pay.
 - C. All staff members who have completed the introductory period will also be given a floating holiday equal to one full day to be used in the calendar year with supervisor approval. This holiday will not carry over into the following year and cannot be used in addition to regularly scheduled hours.
 - D. Additional holidays may be authorized by the Library Board of Trustees.
 - E. All staff members shall be paid for the number of hours they are normally scheduled to work on the day on which the holiday falls.
 - F. In the event that any holiday falls on a Sunday, the Library shall be closed to the public on the following Monday. If a holiday falls on any other day on which the Library is closed, an alternate day may be observed at the discretion of the Board of Trustees.
 - G. If a holiday falls on a scheduled day off, a full-time staff member will have an additional day off with pay, the day to be approved by the staff member's supervisor

5. Jury and Other Civic Duty

All employees shall be given time off when required to serve as a juror or under subpoena as a witness in a court proceeding. Full time employees shall receive full pay at their normal straight time compensation for days spent in this service, while part time employees shall receive pay for hours normally scheduled during such days. The employee must provide written verification of the jury duty or other service.

6. Overtime

Every effort is made to allocate overtime work fairly and to the best interest of everyone. When overtime is necessary, employees will be notified as far in advance as possible. Employees are expected to work overtime if additional work effort is required to serve our patrons. Non-exempt employees must have supervisory authorization prior to working overtime. Working unauthorized overtime is prohibited and may be disciplined, up to and including termination.

Non-exempt employees who work more than 37 hours, but less than 40 in a workweek will be paid at their regular hourly rate for those hours. Non-exempt employees who work more than 40 hours during the workweek will be paid at one and one-half times their regular hourly rate for those hours in excess of 40. Holiday, vacation, personal, and sick time, and any other paid or unpaid leave of absence do not count as hours worked for purposes of overtime.

5.9 Time Off

All time off must be approved by the Director or supervisor, who will give due consideration to the needs of the Library when doing so.

1. Vacation

Employees will be granted their vacation time for the year on the anniversary date of their employment except that employees in their first year of employment will receive it upon completion of their introductory period. Vacation earned must be taken within one year from the anniversary date upon which vacation is granted.

- A. The Director, after the completion of the introductory period, is granted four weeks; after five years of employment, is granted to five weeks. The vacation of the Director need not be taken in consecutive weeks and may be taken at any time during the year, based on date of employment.
- B. All Department Heads, after the completion of the introductory period, are granted 3 weeks; after 5 years of employment, are granted four weeks. The vacation for these positions need

not be taken in consecutive weeks and may be taken at any time during the year upon approval of the Director.

- C. All professional librarians, after the completion of the introductory period, are granted 2 weeks; after 1 year of employment, are granted 3 weeks; after 5 years of employment, are granted 4 weeks.
- D. Full-time employees (not covered above), after the completion of the introductory period, are granted two weeks, after five years of employment, are granted three weeks, and after 20 years of employment, are granted four weeks.
- E. Part-time employees working more than 20 hours a week, after the completion of the introductory period, are granted twice the average number of hours worked per week. After five years of employment, such employees shall be granted three times the average number of hours worked per week. After twenty years of employment, part-time employees shall be granted four times the average number of hours worked per week.

An employee's vacation schedule will reflect, as nearly as possible, his or her personal preference for vacation time. However, no request for a vacation will be approved when the effect would be to leave a department without adequate personnel to perform the required services during any working period. When the absence of several employees during the same period of time would jeopardize operations, the employee who first requested the time off will typically be given priority. If employees requested time off at approximately the same time, the employee with seniority will typically be given priority.

It is each employee's responsibility to schedule and take all earned vacation before it expires.

Upon termination of employment, employees will be paid for vacation benefits that have been granted that year, but not yet taken.

2. Sick Leave

- A. Leave with pay for illness and/or medical attention for full-time employees shall be accrued each pay period at a rate equal to 88 hours per year (3.4 hours per pay period). Leave with pay for illness and/or medical attention for part-time employees working more than 20 hours per week shall be earned at a rate proportional to the number of hours they work. Leave with pay for illness and/or medical attention for part-time employees working less than 20 hours per week shall be earned at half the proportional rate based on the number of hours work per week. The maximum number of hours they can accumulate shall also be pro-rated, as discussed below. Sick leave may not be used until after the end of the introductory period.
- B. For Illinois Municipal Retirement Fund Pension purposes: Only full-time employees may accumulate sick leave to a maximum of 1800 hours and part-time benefited employees may accumulate sick leave to a maximum of 900 hours. This additional accumulation is retroactive to May 24, 1992. Leave with pay for illness and/or medical attention for all other part-time employees shall be earned on a pro rata basis and can accumulate to maximum of 315 hours.
- C. Accumulated sick leave may be used for absences due to an illness, injury or medical appointment of the employee or the employee's child, stepchild, spouse, domestic partner, sibling, parent, mother-in-law, father-in-law, grandchild, grandparent or stepparent.
- D. Employees who know in advance that they will be absent for health reasons must give their supervisor advance notice, including the probable start date and duration of the absence. If a sudden illness makes it impossible for an employee to request sick leave before the workday begins, the employee should notify the supervisor at least sixty minutes prior to his or her scheduled start time. (Please see the attendance policy for more information).
- E. A physician's certificate may be required, at the Director's discretion, to confirm that an employee is ill and unable to work. An employee absent on sick leave more than three days in a row will normally be required to produce a note from a healthcare practitioner certifying that the employee was unable to work for health reasons and is fit to return to duty.

- F. There will be no payment for unused sick leave upon termination of employment. However, when an IMRF-eligible employee retires, unused, unpaid sick leave may be used as a credit for service under IMRF, up to the maximum allowed.
- G. All employees who have saved a minimum of 200 hours of sick leave will be granted two additional vacation days as a one-time bonus. These vacation days are in addition to the employee's normal vacation time. For each 100 additional hours an employee saves (up to a total of 600 sick hours), the employee will be given another one-time two vacation day bonus. An employee may only earn the vacation days for each threshold of sick time once. These bonus vacation days earned must be used within 3 months after they are earned.

3. Paid Leave for All Workers Act Leave

- A. In accordance with the Paid Leave for All Workers Act (820 ILCS 192), part-time employees who work less than 20 hours per week who do not earn vacation time will be granted Paid Leave for all Workers Act (PLWA) Leave in an amount equal to approximately 1 hour per 40 hours worked. This time will be calculated using the amount of hours the employee was hired to work.
- B. PLWA leave will be granted on January 1 of each year and must be used in the calendar year. It will not carry over into a new calendar year. It is the employee's responsibility to take PLWA leave before it expires.
- C. Newly hired part-time employees who work less than 20 hours per week will receive a prorated amount of PLWA leave based on the month they start in the year. This time is eligible to be used after the employee's 90 day introduction period.
- D. An employee's PLWA leave will reflect, as nearly as possible, his or her personal preference for leave. However, no request will be approved when the effect would be to leave a department without adequate personnel to perform the required services during any working period. When the absence of several employees during the same period of time would jeopardize operations, the employee who first requested the time off will typically be given priority. If employees requested time off at approximately the same time, the employee with seniority will typically be given priority.
- E. When possible, employees should request their PLWA leave with their supervisor verbally or in writing no less than seven days in advance of the leave. Employees who are unable to provide at least 7 days' notice because the leave is not foreseeable should provide notice as soon as practicable.

4. Personal Business Days

- A. Personal business is defined as any business that can only be conducted during an employee's regularly scheduled work hours, such as banking and legal transactions, home repairs, etc. Personal business days are not extra vacation days and should not be used as such. Taking personal business days under false pretenses is subject to disciplinary action, up to and including dismissal.
- B. Full-time employees receive 2 personal business days per calendar year. Part-time employees working more than 20 hours a week are entitled to 1 personal business day per calendar year after the first year of employment. In an employee's first calendar year, an employee who starts between January 1 and June 30 receives one personal business day upon completion of the introductory period. Employees who start between July 1 and December 31 receive two personal business days on the following January 1.
- C. Requests to use personal business days must be submitted in writing to the Director or supervisor for approval, except in the case of emergencies.
- D. Personal business days are not accumulative from one calendar year to the next. Unused personal business days will not be paid out upon termination of employment.
- E. Personal business days may not be taken before or after a holiday. Personal business days should not be taken in conjunction with sick time or vacation time.

5. Bereavement

Employees shall be granted paid leave for a death in the immediate family, up to a maximum of three working days. "Immediate family" for purposes of this policy only includes an employee's spouse, domestic partner, parents, children, siblings, grandparents, and grandchildren. Additional paid or unpaid time for these purposes or paid or unpaid time for the death of other relatives may be granted at the Director's discretion.

6. Family Medical Leave Act

ACORN PUBLIC LIBRARY DISTRICT FAMILY AND MEDICAL LEAVE OF ABSENCE POLICY

This policy contains information consistent with and in addition to the information contained in the "Employee Rights Under the Family and Medical Leave Act" notice (found posted in the Library Break Room) and is meant to provide additional information about the Library's specific policies and procedures under the Family and Medical Leave Act (FMLA). In the event of any conflict between the "Employee Rights" notice and this policy, the "Employee Rights" notice will prevail.

A. Basic Leave Entitlement

Employees may be eligible to take up to 12 weeks of unpaid family/medical leave within a 12-month period and be restored to the same or an equivalent position upon return provided that the employee has worked for the Library for at least 12 months AND worked at least 1250 hours in the last 12 months AND if at least 50 employees are employed by the Library within 75 miles. The "12-month period" is measured [**insert measurement period—calendar, other fixed 12-month period, rolling 12-month period, either forward or backward**].

B. Reasons for Leave

If an employee is eligible, the employee may take family/medical leave for any of the following reasons: (1) the birth of a child and in order to care for such child; (2) the placement of a child with the employee for adoption or foster care; (3) to care for a spouse, son, daughter or parent ("covered family member") with a serious health condition; or (4) because of the employee's own serious health condition which renders the employee unable to perform one or more of the essential functions of the employee's position.

Leave because of reasons one and two above must be completed within the 12-month period beginning on the date of birth or placement. In addition, spouses employed by the Library who request leave because of reasons one or two or to care for a parent with a serious health condition may only take a combined aggregate total of 12 weeks leave for such purposes during any 12-month period.

C. Military Family Leave Entitlement

If an employee is eligible, the employee may use the 12-week FMLA leave entitlement to take military family leave. This leave may be used to address certain qualifying exigencies related to the covered active duty or call to covered active duty of a spouse, son, daughter or parent. Qualifying exigencies may include (1) attending certain military events; (2) arranging for alternative childcare; (3) addressing certain financial and legal arrangements; (4) attending certain counseling sessions; (5) addressing issues related to short-notice deployment; (6) spending time with a covered family member who is resting and recuperating; (7) attending post-deployment briefings; and (8) for certain activities relating to the care of the military member's parent who is incapable of self-care where those activities arise from the military member's covered active duty.

An employee may also be eligible for up to 26 weeks of leave to care for a covered servicemember during a single 12-month period if the employee is the spouse, son, daughter, parent, or next of kin of the covered servicemember. *This single 12-month period begins with the first day the employee takes the leave.* A covered servicemember includes: (1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is

undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or (2) a veteran who is undergoing medical treatment, recuperation or therapy for a serious injury or illness and: (i) was a member of the Armed Forces (including a member of the National Guard or Reserves); and (ii) was terminated or released under conditions other than dishonorable within the five-year period before the eligible employee first takes FMLA military caregiver leave to care for the veteran.

D. Improper Use of Leave

An employee may not be granted a FMLA leave to gain employment or work elsewhere, including self-employment. If an employee misrepresents facts in order to be granted an FMLA leave, the employee may be subject to immediate termination.

E. Notice of Leave

If the FMLA leave is foreseeable, the employee must give the Library at least 30 days' notice in accordance with the usual procedure for requesting a leave of absence. Failure to provide such notice may be grounds for delay of the leave. Where the need for leave is not foreseeable, the employee is expected to notify the Library as soon practicable and, absent unusual circumstances, in accordance with the Library's normal leave procedures. When the leave is needed for planned medical treatment, employees must attempt to schedule treatment so as not to unduly disrupt the Library's operations.

F. Medical Certification—Leave for Employee's Own or a Covered Family Member's Serious Health Condition

If the employee is requesting leave because of the employee's own or a family member's serious health condition, the employee and the relevant health care provider must supply appropriate medical certification. The medical certification must be provided within 15 days after it is requested, or as soon as reasonably possible under the circumstances. Failure to provide requested medical certification in a timely manner may result in denial of leave until it is provided. The Library, at its expense, may require an examination by a second health care provider designated by the Library, if it reasonably doubts the medical certification the employee initially provides. If the second health care provider's opinion conflicts with the original medical certification, the Library, at its expense, may require a third, mutually agreeable health care provider to conduct an examination and provide a final and binding opinion. The Library may also require medical recertification periodically during the leave, and employees may be required to present a fitness for duty verification upon their return to work following a leave for the employee's own medical condition specifying that the employee is fit to perform the essential functions of the job.

G. Certification for a Qualifying Exigency

If the employee is requesting leave because of a qualifying exigency arising out of a covered family member's active duty or call to active duty, the employee must supply a copy of the covered military family member's active duty orders or other documentation issued by the military indicating that the covered military member is on active duty or call to active duty (including the dates of the active duty service). The Library may also request additional information pertaining to the leave.

H. Certification for Servicemember Family Leave

If an employee is requesting leave because of the need to care for a covered servicemember with a serious injury or illness, the Library may require the employee to supply certification completed by an authorized health care provider of the covered servicemember. In addition, the Library may also request additional information pertaining to the leave.

- J. Certification for Serious Injury or Illness of a Veteran for Military Caregiver Leave
If an employee is requesting leave because of the need to care for a covered veteran with a serious injury or illness, the Library may require the employee to supply certification completed by an authorized health care provider of the covered veteran. In addition, the Library may request additional information pertaining to the leave.
- K. Substitution of Paid Leave
FMLA leave is unpaid leave. If an employee requests leave for any FMLA-covered reason, the employee will be required to exhaust any remaining applicable paid time off. The exhaustion of this paid leave does not extend the leave period. In addition, if an employee is eligible for any additional paid leaves, such as short term/long term disability or workers' compensation, these leaves will also run concurrently with FMLA leave (where appropriate) and will not extend the leave period. When using paid leave in conjunction with FMLA leave, an employee must comply with the requirements of the applicable paid leave policy.
- L. Benefits during Leave
During an approved FMLA leave, the Library will maintain the employee's health benefits as if the employee continued to remain actively employed, but the employee must continue to pay his or her share of the premium. Failure of the employee to pay his or her share of the health insurance premium may result in loss of coverage. If the employee does not return to work after the expiration of the leave, the employee may be required to reimburse the Library for payment of health insurance premiums during the FMLA leave.

During the unpaid portions of FMLA leave, the employee will not accrue employment benefits, such as vacation pay and sick/personal pay, etc. Also during the unpaid portions of FMLA leave, the employee will not receive pay for holidays. Employment benefits accrued by the employee up to the day on which the unpaid FMLA leave begins will not be lost.
- M. Intermittent or Reduced Schedule Leave
In the case of leave taken for a serious health condition, to care for a servicemember with a serious injury or illness, or because of a qualifying exigency, the leave may be taken intermittently (in separate blocks of time due to a single qualifying reason or health condition) or on a reduced hours basis if necessary. When the leave is needed for planned medical treatment, employees must attempt to schedule treatment so as not to unduly disrupt the Library's operations. Furthermore, if intermittent or reduced hours leave is required for planned medical treatment, the Library may, in its sole discretion, temporarily transfer the employee to another job with equivalent pay and benefits that better accommodates that type of leave. If leave is unpaid, the Library will reduce the employee's pay based on the amount of time actually worked. A fitness-for-duty certification may be required to return from an intermittent absence if reasonable safety concerns exist concerning the employee's ability to perform his or her job duties.
- N. Job Restoration
An employee who returns to work from an approved FMLA leave of absence is entitled to return to his or her job or an equivalent position without loss of benefits or pay. An employee who took leave because of his or her own serious health condition who wishes to return to work from FMLA leave may be required to present a fitness-for-duty release by a doctor prior to being restored to employment. An employee who fails to provide the certification will not be permitted to resume work until it is provided.

7. Parental Leave

The Library will provide up to eight (8) weeks of paid parental leave to eligible employees following the birth of an employee's child or the placement of a child with an employee in connection with adoption or foster care. The purpose of paid parental leave is to enable the employee to care for and bond with a newborn or a newly adopted or newly placed child.

During paid parental leave, eligible employees will receive 100% of their regular, straight-time pay for their regularly scheduled hours.

A. Eligible employees must meet the following criteria:

- Have been employed with Library for at least 12 months.
- Be a regular, benefited employee typically scheduled over 20 hours per week.

In addition, employees must meet one of the following criteria:

- Have given birth to a child.
- Be a spouse or committed partner of a person who has given birth to a child.
- Have adopted a child or been placed with a foster child (in either case, the child must be age 17 or younger). The adoption of a child by a new spouse is excluded from this policy.

Amount, Timeframe and Duration of Paid Parental Leave:

Eligible employees will receive a maximum of eight (8) weeks of paid parental leave per birth, adoption or placement of a child/children. The fact that a multiple birth, adoption or placement occurs (e.g., the birth of twins or adoption of siblings) does not increase the total amount of paid parental leave granted for that event. In addition, in no case will an employee receive more than eight weeks of paid parental leave in a rolling 12-month period, regardless of whether more than one birth, adoption or foster care placement event occurs within that 12-month period. Furthermore, spouses employed by the Library will receive no more than eight weeks of paid parental leave per qualifying reason and within any rolling 12-month period.

Approved paid parental leave may be taken at any time during the 12-month period immediately following the birth, adoption or placement of a child with the employee. Paid parental leave may not be used or extended beyond this 12-month time frame. Any unused paid parental leave will be forfeited at the end of this time frame.

Upon termination of employment, the individual will not be paid for any unused paid parental leave for which they were eligible.

Coordination with Other Policies:

The Library will maintain all benefits for employees during the paid parental leave period just as if they were taking any Library paid leave such as paid vacation leave or paid sick leave. Accordingly, the employee will be expected to continue to pay their portion of the benefits (i.e., medical, dental, vision, etc.) through payroll deductions.

If a holiday occurs while the employee is on paid parental leave, such day will be charged to paid parental leave; and such holiday will not extend the total paid parental leave entitlement.

An employee does not have to exhaust vacation or sick leave (if applicable) prior to taking paid parental leave, but can utilize such paid time off before or after parental leave. If an employee who gives birth is eligible for short-term disability payments after giving birth, the employee can use parental leave to supplement such payments or use the paid parental leave after the completion of the short-term disability payments. However, in no case may an employee receive more than 100% of their pay or take leave that exceeds twelve weeks (fully or partially paid or unpaid) for the birth of a child.

Requests for Paid Parental Leave:

The employee should provide the Library Director with notice of the request for leave at least 30 days prior to the proposed date of the leave (or if the leave was not foreseeable, as soon as possible). The written request should include the reason for the leave, the date on which you wish or believe the leave will begin, the date on which you expect to return to active employment and any documentation supporting your need for leave.

5.10 Safety

Establishment and maintenance of a safe work environment are shared responsibilities of the Library and its employees. The Library will attempt to do everything within its control to assure a safe environment and compliance with federal, state, and local safety regulations. Employees are expected to obey safety rules and to exercise caution in all their work activities.

Employees have an absolute obligation to immediately report any unsafe conditions to their supervisor. Not only supervisors, but employees at all levels of the Library are expected to correct unsafe conditions as promptly as possible. The Library will not take reprisals against an employee who comes forth with a safety recommendation.

All accidents, especially those that result in injury, must be reported immediately to the nearest available supervisor, regardless of how insignificant they may appear, and an incident form must be completed. Such reports are necessary to comply with federal and state laws and initiate insurance and workers' compensation procedures. Failure to immediately report an accident may result in discipline, up to and including termination.

5.11 Professional Growth and Development

1. Attending Conferences and Other Meetings

- A. Library employees and officers are encouraged to attend professional meetings and conferences. Work schedules shall be arranged, at the discretion of the Director, to permit attendance by appropriate staff members within budget limitations, providing that the normal operation of the Library is not disrupted. Certain expenses shall be paid by the Library for staff members and Trustees attending such gatherings.
- B. Staff must obtain approval in advance from their supervisors to attend work-related meetings or conferences. Staff shall be paid, at their regular rate of pay, for time spent at pre-approved meetings or conferences, as well as for time spent traveling to and from them.
- C. Dues to the American Library Association, the Illinois Library Association and appropriate sections thereof shall be paid on an annual basis for individual members of the Board of Trustees, the Director, Department Heads, and all full-time professional staff.
- D. A written report must be submitted to the Board within two weeks of a conference or workshop for the benefit of those who did not attend the conference.

2. Travel Expense Reimbursement

The Acorn Public Library District will reimburse employee and officer for reasonable travel, meal, and lodging expenses incurred in connection with **pre-approved** travel, meal, and lodging expenses incurred on behalf of the Library. The Library will only approve expenses for employees and officers of the Library only for purposes of official business conducted on behalf of the Library. These include but are not limited to off-site or out-of-town meetings related to official business and pre-approved seminars, conferences, and other educational events related to the employee's or officer's official duties or for the betterment of the Library. Employees and officers of the Library shall be reimbursed for expenses per the following categories and guidelines:

A. Travel Expenses

1. The most feasible, direct, and cost-effective travel route or method should always be used. Car-pooling is highly encouraged.
2. Mileage Expenses: If the traveler drives using a privately owned vehicle, reimbursement for mileage expenses will be calculated using the current IRS business mileage rate multiplied by the actual number of miles to and from the off-site location of the official business, using Acorn Public Library District's address as the home address. The maximum amount eligible for mileage reimbursement is not to exceed \$200 per day.
3. Toll Expenses: If the traveler drives to the off-site location of the official business using a privately owned vehicle and incurs tolls on his or her way to the site, the maximum allowable reimbursement for toll expenses is the actual toll expenses incurred. Receipts

A violation of this moderate consumption rule will result in discipline up to and including termination of employment.
 1. "Legal drugs" are: (1) drugs that are permitted under state or federal law, (2) obtained by an employee with a physician's prescription or over-the-counter, and (3) used for the purposes for which they were prescribed or sold. Employees using cannabis must be aware of any potential effect such drugs may have on their judgment or ability to perform

their duties and may not possess, use, or be under the influence of cannabis while performing their duties, while on Acorn Public Library District property, or while operating vehicles for the Acorn Public Library District. Employees are responsible for consulting with their doctors about a prescription medication's effect on their ability to work safely, and promptly disclose any restrictions to their supervisor. In the event an employee fails to report such restrictions and creates a safety threat, neither a physician's prescription nor other medical reason will be an acceptable excuse for being in violation of this policy. Employees should not, however, disclose underlying medical conditions unless specifically directed to so.

2. "Illegal drugs" are drugs or controlled substances that are: (1) not legally obtainable under federal or state law, or (2) legally obtainable under federal and state law, but not obtained and/or used in a lawful manner. The use, purchase, sale, transfer, possession, being under the influence, or the presence in one's system of a detectable amount of an illegal drug by any employee is prohibited: (1) on Acorn Public Library District premises or (2) where the employee is performing Acorn Public Library District business off Acorn Public Library District premises.
- B. The Acorn Public Library District will require a drug and alcohol test of any employee where there is a reasonable suspicion to believe that he or she may be using drugs or may be under the influence of drugs or alcohol while working, on Acorn Public Library District premises, or operating Acorn Public Library District vehicles. "Reasonable suspicion" will be based on objective factors such as the employee's appearance, speech, behavior, or other conduct or facts that indicate the employee is under the influence of legal or illegal drugs, cannabis, alcohol, or any or all of the above. Involvement in an injury or accident at work or while performing Acorn Public Library District business may also be grounds for testing if a member of management has a reasonable belief that drugs/alcohol may have contributed to the injury or accident. Employees will be required to sign a consent and release form prior to drug or alcohol testing. Test results will be kept confidential to the extent possible and consistent with applicable law.
 - C. Employees who refuse to cooperate in required tests; test positive for alcohol, cannabis, or illegal drugs; are found to be under the influence of alcohol, cannabis, or illegal drugs; or use, possess, buy, sell, manufacture or dispense alcohol, cannabis, or illegal drugs in violation of this policy (as discussed above) will be terminated. In addition, if an employee fails to report immediately to the testing location upon request, comply with any testing procedures (including attempting to substitute, dilute, or otherwise change specimens to be tested) and/or fails to provide specimens unless medically incapable, he or she will be considered as refusing to test and subject to discipline, up to and including termination.
 - D. The laboratory conducting the tests shall transmit positive drug tests results to a doctor ("MRO"), retained by the Acorn Public Library District, who shall offer persons with positive results a reasonable opportunity to establish that their results are caused by lawful prescribed medicines or other lawful substances. (A medical cannabis prescription or a claim that cannabis was used "off duty" is not a defense to a reasonable suspicion test). Persons with positive test results may also ask the MRO to have their split specimen sent to another federally certified lab, to be tested at the employee's or applicants own expense. Such requests must be made within three (3) working days of notice of test results. If the second lab fails to find any evidence of drug use in the split specimen, the employee or applicant will be treated as passing the test.
 - E. Employees must notify the Acorn Public Library District of any criminal drug conviction occurring in the workplace no later than five days after such conviction. For purpose of this notice requirement, a conviction includes a finding of guilt, a no contest plea, and/or an imposition of sentence by any judicial body for any violation of a criminal statute involving the unlawful manufacture, distribution, sale, dispensation, possession or use of any controlled

substance or cannabis. Failure to notify the Director may subject the employee to disciplinary action, up to and including dismissal.

- F. Employees are encouraged to seek assistance in dealing with a personal alcohol or drug-related problem or concern.

5.22 No Solicitation/No Distribution

In the interest of maintaining a proper business environment and preventing interference with work and inconvenience to others, employees may not distribute literature or printed materials of any kind, sell merchandise, solicit financial contributions, or solicit for any other cause during working time. Employees who are not on working time (e.g., those on lunch or other breaks) may not solicit or distribute literature or printed material of any kind to employees who are on working time.

Non-employees are likewise prohibited from distributing material or soliciting employees on the Library's premises at any time.

5.23 Workplace Security and Inspections

To: 1) safeguard the property of employees, patrons, and the Library; 2) help prevent the possession, sale, and use of illegal drugs on the Library's premises and keep with the spirit and intent of the Library's substance abuse policy; and 3) help prevent the possession of illegal weapons on the Library's premises, the Library reserves the right to question employees and all other persons entering and leaving our premises, and to inspect any packages, parcels, purses, handbags, briefcases, lunchboxes, or any other possessions or articles carried to and from the Library's property. In addition, the Library reserves the right to search any employee's office, desk, files, locker, or any other area or article on our premises. In this connection, it should be noted that all offices, desks, files, lockers, and so forth, are the property of the Library and are issued for the use of employees only during their employment with the Library. Inspections may be conducted at any time at the discretion of the Library.

Persons entering the premises who refuse to cooperate in an inspection conducted pursuant to this policy will not be permitted to enter the premises. Employees working on or entering or leaving the premises who refuse to cooperate in an inspection will be subject to disciplinary action, up to and including termination.

5.24 Smoking

The Library is committed to protecting the safety and welfare of its employees and patrons. No smoking of any kind will be permitted in the Library's facilities, Library vehicles, or within 15 feet of any Library entrance, exit, window that opens, or ventilation intake that serves an enclosed area where smoking is prohibited. This policy specifically applies to the use of e-cigarettes, vaporizers, and other electronic smoking devices.

Smoking is only allowed during authorized break times and in authorized areas. This policy applies equally to all employees, patrons, and visitors.

5.25 Whistleblower Compliance

A whistleblower as defined by this policy is an employee of the Library who reports an activity that he or she considers to be illegal or fraudulent to one or more of the parties specified in this policy. For issues that do not rise to the level of illegal or fraudulent activity, employees are to utilize the Open Door Communications/Problem-Solving Procedure. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; appropriate management officials are charged with these responsibilities.

An example of an illegal or fraudulent activity is a violation of federal, state or local laws or financial wrongdoing, including but not limited to theft or embezzlement. If an employee has knowledge of or a concern of illegal or dishonest fraudulent activity, the employee is to contact the Director or the President of the Board of Trustees. The employee must exercise sound judgment to avoid baseless allegations. An employee who intentionally files a false report of wrongdoing will be subject to discipline, up to and including termination.

Whistleblower protections are provided in two important areas -- confidentiality and against retaliation. Insofar as possible, the confidentiality of the whistleblower will be maintained. However, identity may have to be disclosed to conduct a thorough investigation, to comply with the law, and to provide accused individuals their legal rights of defense. The Library will not retaliate against a whistleblower. The Library prohibits any form of retaliation against whistleblowers, including, but not limited to, retaliation in the form of an adverse employment action such as termination, compensation decreases, poor work assignments and threats of physical harm. Any whistleblower who believes he or she is being retaliated against must contact the Director immediately. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.

All reports of illegal and dishonest activities will be promptly investigated, and corrective action will be taken as necessary. This policy is not intended to prevent or discourage an employee from disclosing information to a government or law enforcement agency if the employee has reasonable cause to believe that the information discloses a violation of state or federal law, rule, or regulation.

Per 50 ILCS 105/4.1, the Library Board has elected to use the County State's Attorney as its auditing official. The Library Director will annually distribute the relevant portions of that law to Library staff.

5.26 Remote Work Policy

Telecommuting is a work arrangement that may allow employees to work at home or another other off-site location for some of their regularly scheduled work hours. Acorn Library recognizes that, in some cases, telecommuting may be a viable, temporary solution for specific circumstances that are evaluated on a case by case basis. This arrangement may provide a mutually beneficial option for both the Library and the employee. Telecommuting is not a regular employment option nor an entitlement and does not change the terms and conditions of employment.

Telecommuting arrangements are approved on a case-by-case basis, based on the needs of Acorn Library. Not all job functions can be performed from off-site locations (ex, positions requiring face-to-face interaction, Maintenance staff, etc. are generally not suitable for telecommuting arrangements).

Candidates for consideration for telecommuting arrangements must:

- a) Have worked at Acorn for minimum of six months and work a minimum of 20 hours weekly;
- b) Possess good time-management and organizational skills, be self-motivated, self-reliant, and disciplined as assessed by direct supervisor and Library Director;
- c) Obtained a satisfactory rating on the most recent performance evaluation, as determined by the direct supervisor and Library Director;
- d) Responsible for work that has clearly defined tasks and measurable work activity.

In order to telecommute, the following basic requirements must be met:

- a) Employee must be able to carry out the same duties, assignments, and other work obligations at their home office as they do when at work on Acorn's premises.
- b) The remote work arrangement must also not adversely affect the services provided to the Library's patrons, departments, or any business or services the Library conducts/provides.

- c) Employee must work the same hours from home as the employee would work in the Library's work spaces. Employees must be reachable by phone, email, etc. when telecommuting.
- d) Employees must be available to attend scheduled meetings and participate in other required office activities at their home office as needed. Employees who telecommute may be required to attend these meetings and other activities "in person."
- e) Employees are required to have sufficient supplies to meet their work obligations at their off-site work setting. Including, but not limited to, a computer or mobile device, an internet connection or data plan, a telephone, and various office supplies; pens, paper, etc. The library will not reimburse an employee for any at home supplies unless required to do so by law.

Appendix 1: Library Bill of Rights

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

- I. Books and other library resources should be provided for the interest, information and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background or views of those contributing to their creation.
- II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
- III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
- IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.
- V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
- VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

Adopted June 19, 1939, by the ALA Council.

Amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; inclusion of "age" reaffirmed January 23, 1996.

Appendix 2: The Freedom to Read Statement

The freedom to read is essential to our democracy. It is continuously under attack. Private groups and public authorities in various parts of the country are working to remove or limit access to reading materials, to censor content in schools, to label "controversial" views, to distribute lists of "objectionable" books or authors, and to purge libraries. These actions apparently rise from a view that our national tradition of free expression is no longer valid; that censorship and suppression are needed to counter threats to safety or national security, as well as to avoid the subversion of politics and the corruption of morals. We, as individuals devoted to reading and as librarians and publishers responsible for disseminating ideas, wish to assert the public interest in the preservation of the freedom to read.

Most attempts at suppression rest on a denial of the fundamental premise of democracy: that the ordinary individual, by exercising critical judgment, will select the good and reject the bad. We trust Americans to recognize propaganda and misinformation, and to make their own decisions about what they read and believe. We do not believe they are prepared to sacrifice their heritage of a free press in order to be "protected" against what others think may be bad for them. We believe they still favor free enterprise in ideas and expression.

These efforts at suppression are related to a larger pattern of pressures being brought against education, the press, art and images, films, broadcast media, and the Internet. The problem is not only one of actual censorship. The shadow of fear cast by these pressures leads, we suspect, to an even larger voluntary curtailment of expression by those who seek to avoid controversy or unwelcome scrutiny by government officials.

Such pressure toward conformity is perhaps natural to a time of accelerated change. And yet suppression is never more dangerous than in such a time of social tension. Freedom has given the United States the elasticity to endure strain. Freedom keeps open the path of novel and creative solutions, and enables change to come by choice. Every silencing of a heresy, every enforcement of an orthodoxy, diminishes the toughness and resilience of our society and leaves it the less able to deal with controversy and difference.

Now as always in our history, reading is among our greatest freedoms. The freedom to read and write is almost the only means for making generally available ideas or manners of expression that can initially command only a small audience. The written word is the natural medium for the new idea and the untried voice from which come the original contributions to social growth. It is essential to the extended discussion that serious thought requires, and to the accumulation of knowledge and ideas into organized collections.

We believe that free communication is essential to the preservation of a free society and a creative culture. We believe that these pressures toward conformity present the danger of limiting the range and variety of inquiry and expression on which our democracy and our culture depend. We believe that every American community must jealously guard the freedom to publish and to circulate, in order to preserve its own freedom to read. We believe that publishers and librarians have a profound responsibility to give validity to that freedom to read by making it possible for the readers to choose freely from a variety of offerings.

The freedom to read is guaranteed by the Constitution. Those with faith in free people will stand firm on these constitutional guarantees of essential rights and will exercise the responsibilities that accompany these rights.

We therefore affirm these propositions:

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.

Creative thought is by definition new, and what is new is different. The bearer of every new thought is a rebel until that idea is refined and tested. Totalitarian systems attempt to maintain themselves in power by the ruthless suppression of any concept that challenges the established orthodoxy. The power of a democratic system to adapt to change is vastly strengthened by the freedom of its citizens to choose widely from among conflicting opinions offered freely to them. To stifle every nonconformist idea at birth would mark the end of the democratic process. Furthermore, only through the constant activity of weighing and selecting can the democratic mind attain the strength demanded by times like these. We need to know not only what we believe but why we believe it.

2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.

Publishers and librarians serve the educational process by helping to make available knowledge and ideas required for the growth of the mind and the increase of learning. They do not foster education by imposing as mentors the patterns of their own thought. The people should have the freedom to read and consider a broader range of ideas than those that may be held by any single librarian or publisher or government or church. It is wrong that what one can read should be confined to what another thinks proper.

3. It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author. No art or literature can flourish if it is to be measured by the political views or private lives of its creators. No society of free people can flourish that draws up lists of writers to whom it will not listen, whatever they may have to say.
4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.

To some, much of modern expression is shocking. But is not much of life itself shocking? We cut off literature at the source if we prevent writers from dealing with the stuff of life. Parents and teachers have a responsibility to prepare the young to meet the diversity of experiences in life to which they will be exposed, as they have a responsibility to help them learn to think critically for themselves. These are affirmative responsibilities, not to be discharged simply by preventing them from reading works for which they are not yet prepared. In these matters values differ, and values cannot be legislated; nor can machinery be devised that will suit the demands of one group without limiting the freedom of others.

5. It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous. The ideal of labeling presupposes the existence of individuals or groups with wisdom to determine by authority what is good or bad for others. It presupposes that individuals must be directed in making up their minds about the ideas they examine. But Americans do not need others to do their thinking for them.

6. It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information. It is inevitable in the give and take of the democratic process that the political, the moral, or the aesthetic concepts of an individual or group will occasionally collide with those of another individual or group. In a free society individuals are free to determine for themselves what they wish to read, and each group is free to determine what it will recommend to its freely associated members. But no group has the right to take the law into its own hands, and to impose its own concept of politics or morality upon other members of a democratic society. Freedom is no freedom if it is accorded only to the accepted and the inoffensive.

Further, democratic societies are more safe, free, and creative when the free flow of public information is not restricted by governmental prerogative or self-censorship.

7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one. The freedom to read is of little consequence when the reader cannot obtain matter fit for that reader's purpose. What is needed is not only the absence of restraint, but the positive provision of opportunity for the people to read the best that has been thought and said. Books are the major channel by which the intellectual inheritance is handed down, and the principal means of its testing and growth. The defense of the freedom to read requires of all publishers and librarians the utmost of their faculties, and deserves of all Americans the fullest of their support.

We state these propositions neither lightly nor as easy generalizations. We here stake out a lofty claim for the value of the written word. We do so because we believe that it is possessed of enormous variety and usefulness, worthy of cherishing and keeping free. We realize that the application of these propositions may mean the dissemination of ideas and manners of expression that are repugnant to many persons. We do not state these propositions in the comfortable belief that what people read is unimportant. We believe rather that what people read is deeply important; that ideas can be dangerous; but that the suppression of ideas is fatal to a democratic society. Freedom itself is a dangerous way of life, but it is ours.

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953, by the ALA Council and the AAP Freedom to Read Committee; amended January 28, 1972; January 16, 1991; July 12, 2000; June 30, 2004.

Appendix 3: Freedom to View

The FREEDOM TO VIEW, along with the freedom to speak, to hear, and to read, is protected by the First Amendment to the Constitution of the United States. In a free society, there is no place for censorship of any medium of expression. Therefore these principles are affirmed:

1. To provide the broadest access to film, video, and other audiovisual materials because they are a means for the communication of ideas. Liberty of circulation is essential to insure the constitutional guarantees of freedom of expression.
2. To protect the confidentiality of all individuals and institutions using film, video, and other audiovisual materials.
3. To provide film, video, and other audiovisual materials which represent a diversity of views and expression. Selection of a work does not constitute or imply agreement with or approval of the content.
4. To provide a diversity of viewpoints without the constraint of labeling or prejudging film, video, or other audiovisual materials on the basis of the moral, religious, or political beliefs of the producer or filmmaker or on the basis of controversial content.
5. To contest vigorously, by all lawful means, every encroachment upon the public's freedom to view.

This statement was originally drafted by the Freedom to View Committee of the American Film and Video Association (formerly the Educational Film Library Association) and was adopted by the AFVA Board of Directors in February 1979. This statement was updated and approved by the AFVA Board of Directors in 1989.

Appendix 4: Ethics Statement for Library Trustees

- Trustees must promote the highest level of library service while observing the highest ethical standards at all time.
- Trustees must avoid situations in which personal interests might be served or financial benefits gained at the expense of library users, colleagues, or the institutions.
- It is incumbent upon any trustee to disqualify himself/herself immediately whenever the appearance of a conflict or interest exists.
- Trustees must distinguish clearly in their actions and statements between their personal philosophies and attitudes and those of the institution.
- A trustee must respect the confidential nature of library business while being aware of and in compliance with that particular State's Freedom of Information Act.
- Trustees must be prepared to support to the fullest the efforts of librarians in resisting censorship of library materials by groups or individuals.
- Every trustee should support the decision of the Board, even if such trustee is opposed to such decision, unless such trustee cannot on principle support such decision. Trustees are encouraged to dissent on principle and compromise on preference.
